To the Citizens of Bristol County:

I have the honor to submit the accompanying report of the Receipts and Expenditures of Bristol County for the year ending December 31, 1939.

The report of the County Commissioners follows the Treasurer's report, both being printed in this form to comply with the General Laws of Massachusetts.

County Accounts are examined once a year by the State Auditors of the Department of Corporations and Taxation, Division of Accounts, State House, Boston, Mass.

Respectfully submitted,

ERNEST W. KILROY,
County Treasurer.

ERNEST W. KILROY
Treasurer of Bristol County.

Taunton, Mass., 1940

## COUNTY COMMISSIONERS' REPORT

The County Commissioners, in compliance with the requirements of Chapter 35, Section 26 of the General Laws, (Ter. Ed.) submit the following report:

The Law requires that it shall be prepared in such a manner as to give the taxpayers a full and clear understanding of affairs of the County and of the objects and methods of the County Expenditures, and along most lines directs the method of preparation.

### Meetings

The statutory meetings of the County Commissioners are held in Taunton on the fourth Tuesday of March and September.The Commissioners also meet by adjournment weekly on Tuesdays and fifth day of each month. The Commissioners, in their capacity as Trustees of the Bristol County Tuberculosis Hospital, meet at the Hospital in Attleboro on the second and fourth Tuesdays of each month, after the regular meeting of the Commissioners.

### Proceedings and Expenditures

Except as otherwise stated in this report, all expenditures have been for the usual and necessary running expenses of the County, viz: Maintaining the Courts, Salaries of County Officers, Care of County Buildings, County Hospital, Support of Prisoners and Maintaining the Jail and House of Correction, Clerical Assistance in County Offices, Fuel, Lights, and Water, Highways and Bridges and Law Libraries. For specific details thereof, reference may be had to the Report of the County Treasurer.

### County Debt

During the past year fifty-three thousand, two hundred and fifty dollars was paid on the County Debt as follows:

| | |
|---|---|
| Agricultural School Building | $7,000.00 |
| Fall River Registry Building | 20,000.00 |
| Industrial Farm | 12,000.00 |
| Agricultural School Addition | 3,250.00 |
| Storm Damage | 11,000.00 |

### Temporary Loans

For the Tuberculosis Hospital, one hundred twenty-five thousand dollars was borrowed; this amount, less the balance on hand, will be refunded by the Cities and Towns in the Hospital District during 1940.

One hundred twenty-five thousand dollars, the Loan of 1938, was paid from the money received from Cities and Towns in the year 1939.

A loan of five-hundred forty thousand dollars was made in Anticipation of Taxes.

### County Tax

In compliance with the provisions of law, the Commissioners prepared on January 20, 1939, upon forms furnished by the State Director of Accounts their estimates of the Receipts and Expenditures of Bristol County for the year 1939. These estimates were reported by the Director of Accounts to the General Court. By Chapter 452 of the Acts of 1939, the Commissioners were authorized to levy as a county tax for the year 1939, the sum of $671,591.66.

### Transfer of Funds

As there were certain expenditures in excess of the appropriation passed by the Legislature, the following Transfer was made from the Reserve Fund, the vote having been passed by the Commissioners and approved by the Director of Accounts.

| | |
|---|---|
| Salaries of Jailers and Support of Prisoners | $750.00 |
| Repairs and Furnishings | 4,250.00 |
| Care, Fuel and Light | 1,500.00 |
| Miscellaneous | 1,030.00 |
| Law Libraries | 100.00 |
| Unpaid Bills of Previous Years | 870.00 |
| | $8,500.00 |

Under Chapter 35, Section 33 of the General Laws the Treasurer was authorized by the Commissioners to pay from any available funds the overdrafts on Civil Expenses $1,518.41 and Auditors, Masters $1,494.38 as the said expenses are required by Law. This being an account over which the Commissioners have no control.

## Improvements at County Buildings

Further needed improvements were made at County buildings during the current year. Attention was given County property in New Bedford, Fall River, Taunton and Attleboro, and particularly, the House of Correction. The results of this constructive program, which was carried out within budget provisions, are reflected in the improved conditions shown at all buildings, and are gratifying to this Board.

In this connection, attention is called to the following report made to this Board by the Sheriff of the County:

"The past year has seen many needed improvements made at the House of Correction, put into effect by your Board, and I wish to take this opportunity to thank you for your cooperation in carrying out recommendations made in my last report.

"Heading the list of renovation items is the painting of the outer walls in the cell block, and of part of the interior walls and cells. Not only has this work gone a long way to clean up the institutions, but the additional light provided has greatly improved conditions for the inmates.

"In the cook-house, the new stainless steel covers provided for the steam kettles have added much to the appearance of our equipment, as well as removed danger of food cantamination due to condensing steam. Metal splash boards around the sinks have also improved sanitary conditions in the kitchen, and a new fan has proved very effective in carrying off vapor from the kettles.

"Extensive repairs were made to the wall on the Union Street side, which was flaking off badly. The same is now in excellent condition and should not require further repairs for some time to come. The hot water feed pipe, which had reached the end of its usefulness, was replaced with copper tubing, under the direction of the Superintendent of the heating plant."

## Historical Records Survey

The Bristol County Commissioners take this opportunity to express its appreciation for the assistance rendered in the arranging and storing of County records by the Historical Records Survey.

Evidence of the work done under this Survey is contained in the following summary which is shown in a preliminary report of that Survey authority:

"There was, in the New Bedford Jail and House of Correction, an old cell block used for the storing of records which were not in current nor daily use. The Historical Record workers, in making that survey, sorted all this material by types and dates, marked them for identification and arranged them in such a well ordered manner that the jail officials commented very favorably upon the work accomplished. The officials cooperated by covering the floor, painting the cell, erecting shelves and furnishing the room with a work table and chairs so that now there is a 'Record Room' with several hundred bundles and volumes, orderly arranged, available to the department worker for regular reference.

"At the basement vault of the Third District Court at New Bedford, the Historical Survey workers sorted and arranged all records and papers and volumes, by types and dates, so that they are now accessible for ready reference. The Survey Workers also completed the docket identification of the document file drawers or original papers in that same depository.

"The Survey Workers have also assisted the Clerk of the Second District Court at Fall River in preparing an alphabetical index for and grants of citizenship included in the Court's naturalization files. This work is valuable to all courts and court officials. Usually it is impossible in ordinary routine to keep it up to date because the limited working force is not in a position to concentrate its efforts for such a comprehensive undertaking. The Survey Workers have been pleased to be of assistance."

In keeping with its policy of maintaining County business—appropriations over which the Commission has direct supervision—on a strictly "pay-as-you-go" basis, a further check was inaugurated this year when, through advertisements inserted in newspapers, persons with bills against the County were notified to submit them promptly at the close of the year's business. This procedure proved to be of material aid in making available all charges against the County so that payment could be made promptly.

---

Inasmuch as the biennial law for the State Legislature is now operative, it was necessary this year to complete budgets for two years. In its determination of the 1940 budget the Board is gratified to report that it was possible to eliminate several important items which were necessary in the current budget, notably the expense for certain Grand Jury investigations and Hurricane damage expenses.

---

Accordingly, the Board is pleased to report that there will be a very substantial reduction in 1940 expenditures with a resultant reduction in the tax rate.

The enrollment at the Bristol County Agricultural School showed a marked increase during the past year. This increase may be attributed to several causes, the principal one being the restoration in full of school buildings after the disastrous fire in 1936. No effort was spared by the Board of Trustees and the County Commissioners who are also members of the Board to assist the cause of agricultural education in Bristol County. Federal funds were secured to assist in the construction of the gymnasium-auditodium. Today the Bristol County Agricultural School may well boast of facilities for educating pupils and assisting agriculturalists which are second to none of its type in the state.

During the previous year of 1938, while construction of the main building was going on, attention was centered on the Dairy and Field Crops Departments for necessary improvements. The age of farm machinery varied from eight to twenty-five years and had long since outlived its usefulness on a modern farm. Replacements were made at once in the form of a new tractor, tractor plow, harrow, corn harvester, and ensilage cutter to mention a few.

New construction at the Dairy Department involved an expenditure for complete remodelling of the milk house. In the barn water buckets were installed along with ventilators. A new sink, milking machine, milk cooler, and an oil burner were furnished. Bred Guernsey heifers were purchased

and with a good Holstein herd, they form one of the best herds in the county.

The year 1939 saw attention centered on the Poultry Department. Plans were drawn up after conferences with state officials for the construction of a new poultry house. New blood was secured in the flock in the early spring and construction of the new poultry house was started by the students under the guidance of Director Gilbert, Mr. Lunn, Head of the Poultry Department and Mr. Brown of the Construction Department. The new house which is now near completion will round out a two-year program of construction, repair and replacement which was carried out on a two year plan with the approval of state officials. Urgent necessity to provide the students with the facilities to secure a good education demanded that additional expenditures should be made during the past years of 1938 and 1939. The alternative was small replacements annually for a period of five or six years which would have reduced the cost per annum while depriving pupils who sought an education in the time which elapsed between the start and finish of a long term project.

It was likewise necessary to provide new equipment in the school building to replace educational material and facilities lost in the 1936 fire, which had been built up gradually over a period of twenty years. Recovery from such disasters is generally slow but the end of 1940 should find the Agricultural School recovered to the fullest extent.

Despite the handicaps of the past few years to the school athletic activities, the Bristol County Agricultural School won the championship of the Narragansett League for the 1938-1939 season. The boys used the gymnasium of the Mount Hope Club as a home floor. The new gymnasium addition to the school building which was completed in June 1939 provides one of the finest gymnasiums in New England at the school. Comment on the excellence of the "gym" has been widespread. The school team is at present heading toward a fine defence of its championship in the Narragansett League.

In the various fields of agricultural education, judging teams of students representing Bristol have fared excellently in competition with other schools at fairs and shows. Two flower shows were staged by the students and the Bristol County Farmer's Show returned last fall after an absence of several years.

The Bristol County Extension Service enjoyed a very successful year in the service rendered in Bristol County. The Agricultural, 4-H and Home Departments showed increased activities and attendances during 1939.

Due to ill health, Forrest R. Gilson, Head of the Farm Mechanics Department, retired in November. Mr. Gilson's service dated to 1929, and his last work at the school involved drawing up the plans for the new poultry house. His successor is Frank W. Kingsbury.

Miss Gertrude L. Douglas also retired from the Extension Service during the past year. Miss Douglas had been an Associate Extension Agent for about a year and had earned considerable praise by her good work. Miss Mildred A. Hogan of Fall River has succeeded her in the 4-H Department.

## REPORT OF THE SUPERINTENDENT

I hereby submit the 21st Annual Report of the Bristol County Hospital for the year ending December 31, 1939.

November 15, 1939 marked the end of the 20th year since the opening of the Bristol County Tuberculosis Hospital. It seems to us therefore appropriate at this time to re-state some facts about the hospital and its beginning, and to recapitulate what has been done in the 20 years' service of this institution to the cities and towns of the Bristol County Hospital district in the treatment and control of tuberculosis.

In accordance with Chapter 286, Section II, of the General Acts of 1916, the County Commissioners organized in 1919 as trustees of the hospital. The site chosen for the hospital was on the north side of Oak Hill Avenue in the City of Attleboro, a few hundred yards from Briggs Corner. The administration building was originally a park building which was remodeled. The hospital section, a one-story frame building with male and female wards, was built for a capacity of 60 beds. The building was open for the reception of patients November 15, 1919.

The original cost of construction for the hospital is set down in the Commissioners' report for 1919 as $297,133.68, which cost was apportioned to the several cities and towns liable in accordance with the act of the Legislature authorizing the same. The following were—and still are—the cities and towns in Bristol County which are furnished hospital accommodations at the Bristol County Tuberculosis Hospital:

| | |
|---|---|
| Acushnet | Norton |
| Attleboro | North Attleborough |
| Berkley | Raynham |
| Dartmouth | Rehoboth |
| Dighton | Seekonk |
| Easton | Somerset |
| Fairhaven | Swansea |
| Freetown | Taunton |
| Mansfield | Westport |

At the present time a charge of $9.10 per week is made in every case with residence in the above-named cities and towns, and is paid by the patients or those legally bound for their support, or by the local Board of Health as circumstances require. A charge of $28.00 per week is made to non-residents. In recent years the hospital has been filled to capacity by residents, and non-residents are now rarely received.

Method of receiving patients is the same now as it was at the time of the opening of the hospital and is as follows: Patients desiring to be admitted to the hospital make application to their physician or to the Board of Health of the city or town wherein they reside. Any registered physician may fill out the form of application, but it must be endorsed by the local Board of Health. Application blanks are supplied to the Boards of Health by the superintendent of the hospital.

### Out-Patient Department

(January 1,1939, to December 31st, 1939)

| | |
|---|---|
| Total number of cases | 687 |
| Total number of visits | 1389 |
| Total number of X-rays of chest | 750 |
| Total number of Fluoroscopics | 700 |
| Total number of Pneumothorax treatments | 559 |

The Bristol County Hospital added an X-ray and fluoroscopic department in the latter part of 1931 and a surgical service in 1932. At about the same period an active out-patient clinic was begun. School clinics and other clinics outside the institution, but conducted by the hospital, were begun about five years ago.

## Clinics

Clinics were held in the schools of the following cities and towns during the year:

| | | |
|---|---|---|
| Attleboro | Norton | Somerset |
| Dighton | North Attleborough | Swansea |
| Easton | Rehoboth | Taunton |
| Mansfield | | |

X-ray examination of the chest was made on 392 children and 102 adults. Tuberculin testing had been done in all the four grades of the high schools in 1938 and this test was performed on only 232 children in 1939.

Of the 392 children X-rayed, 118 or 30% showed lesions suspicious of childhood type of tuberculosis; 87 or 22% showed definite evidence of childhood type; and 4 had adult type of pulmonary tuberculosis. Non-tuberculous pulmonary disease was found in one case.

Of the 102 adults who were X-rayed, healed primary type of tuberculosis was found in 7 cases and adult type of tuberculosis was found in 5 cases of which 2 were considered active. Non-tuberculous disease was found in 3 cases.

## Health Camp

The children's health camp was open for the months of July and August. A total of 100 children were in attendance. There were 50 girls for the month of July and 50 boys for the month of August. The Legion Auxiliary of Bristol County paid the board of one boy and the American Legion Fairhaven Post paid for one boy. The camp was under the direction of Mrs. Mary Putnam, executive secretary of the Bristol County Health Association. Mrs. Putnam was assisted by six councillors. Medical supervision was given by the Bristol County Sanatorium Staff. The children had a very successful camp period. There were no serious illnesses. One boy fell while playing and sustained cuts and abrasions which necessitated the giving anti-tetanus serum. He made a speedy and complete recovery. The total gain in weight was 1282 pounds or an average of 12.8 pounds per child.

A number of citizens showed interest in the camp by frequent visits. The Attleboro Rotary Club visited the camp when the boys were in attendance. They gave an entertainment and presented the boys with baseball bats and baseballs.

All the children were selected for camp because of known contact with tuberculosis or because of X-ray evidence of childhood type of tuberculosis. They will be supervised throughout the year.

## Upkeep

Numerous minor repair jobs about the hospital and farm buildings were carried out under the supervision of the maintenance foreman. A new tar and gravel roof was laid on the porch of the administration building. The floor of the dining room was resurfaced; and a new platform constructed at the service entrance.

The outside of the hospital and administration building was painted in several places where needed, and a number of inside paint jobs were carried out.

A Dual-Alarm fire system was installed during the year on recommendation of the Fire Underwriters' Association.

It was found necessary during the year to re-tube the high pressure boiler in the boiler room.

## Farm

The farm superintendent, Mr. Thomas Keane, reports that during the year ending December 31, 1939, there were raised on the farm 55 tons of hay, 70 tons of silage and 99 pigs. The dairy supplied on the average of 120 quarts of milk to the hospital daily. The dairy herd had outlived its

usefulness as a milk producer and was replaced by a new herd. The old cow barn was torn down and the grounds graded.

Farm machinery was repaired and a new mowing machine purchased. Sixty cords of wood were cut and 90 tons of ice were cut and stored. The value of stock and feed on hand December 31, 1939, was $3,600.00.

### Cost

The maintenance cost exclusive of school clinic and retirement fund and receipts from farm produce sold, was $133,337.65. Total hospital and camp days was 23,735 which, divided into maintenance cost, gives a per capita cost of $5.66. Included in this cost is the cost of operating the out-patient department.

### Remarks

During the year Miss Elizabeth M. Duffy, Superintendent of Nurses, passed away. Miss Duffy had held the position of Superintendent of Nurses from the time of the opening of the hospital to the time of her death. She served the institution faithfully and devotedly for approximately twenty years. Her passing was deeply mourned by her many friends and associates.

Mrs. Irene Murphy, former head nurse, was promoted to the position of Superintendent of Nurses, to take the place of Miss Duffy.

Dr. Joseph McLaughlin, assistant physician, resigned during the year and Dr. Paul Johnson was appointed in his place. Dr. Paul Johnson is a graduate of Tufts Medical School, had served for a time with the State Department of Health and was formerly assistant resident physician at the Fall River Tuberculosis Hospital. Dr. Johnson's appointment has been approved by the Public Health Council of the State of Massachusetts.

In the past year the patients on their own initiative began the editing and publishing of a hospital paper. All patients take part in supplying material for each issue. We believe there is therapeutic as well as educational value in this undertaking.

### Acknowledgments

We wish to thank the Attleboro Lodge of Elks and the Pawtucket Lodge of Elks for the interest they have taken in the welfare of our patients during the year. Members of both lodges have made personal visits and both lodges have sent gifts and sponsored entertainments during the year.

The Attleboro Octave Chorus gave a choral concert for which we express our thanks.

To all individuals and organizations which sent flowers, books and candy, or showed interest in the welfare of our patients in any way we extend our thanks.

To the clergy who administered to the spiritual needs of the patients we also extend our appreciation and thanks.

I am deeply grateful for the fine co-operative spirit manifested by all heads of departments and employees during the past year, and to you, the Trustees, I again express my thanks for your support and confidence.

GARNET P. SMITH,

General Superintendent and Resident Physician.
